Sharing a discussion with other directors of districts that have schools similar in size to mine. We would have similar problems and I could learn and share tips with colleagues. (1A, 2A, 3A, 4A, 5A, charter schools)	80.00% 24

1	Sharing with districts of my similar size -- just a slight difference than the Athletic 1A, 2A, etc. Some districts have high schools of different sizes. For me, I want to meet with those that have similar total student population. Largest 5 districts meet together, next 5-6, etc. For example, Wasatch District has 1 4A school, but still only has to deal with 1 HS. I want to meet with the districts that manage 5-6 High Schools.	1/9/2015 9:51 AM
2	While it's good to discuss with similar-sized districts, it's also beneficial to mix it up. We have used several great ideas small districts used. We already meet in our region with similar-sized districts.	1/8/2015 2:45 PM
3	A webinar series could be helpful, similar to New Director trainings, or the Perkins Data Quality webinar.	1/8/2015 1:50 PM
